Barry Township Water Customer:

Barry Township recently approved to increase the interest and penalty fees for all water payments received after the due date. The new fees are 20% interest and 10% penalty. The fees will be applied the day after the due date. The due date is printed on your water bill. Barry Township also approved upon non-payment received 90 days after the due date, a shut-off notice will be sent to you stating your water will be shut off. If payment is not received the water service will be shut off. A \$30.00 turn-off charge will be added to the balance. In order for your water to be turned on the entire balance owed must be paid in full which will include a \$30.00 turn-on fee. (Total of \$60.00 will be added to the balance upon shut-off.)
